## ASSIGNMENT 4

Write code and connections in wokwi for the ultrasonic sensor. Whenever the distance is less than 100 cms send an "alert" to the IBM cloud and display in the device recent events. Upload document with wokwi share link and images of IBM cloud.

## OUTPUT

While Distance is greater than 100cm there is no alert message in the IBM cloud.

When the distance is less than 100cm alert message will appear in the IBM cloud.
